

LLOYD & JONES
PROCUREMENT AND SUPPLY

Safety Footwear Catalogue

2025 Version

What ever your PPE requirements, Lloyd & Jones has the right solution

Welcome to our 2025 footwear collection!

The “Core” products listed here are readily available for fast delivery from our distribution centre, even if not stocked at your local branch. If these items don’t quite fit your style, size, or needs, simply contact your friendly local branch - they’ll be happy to advise on our wide range of other supplier options.

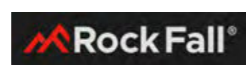

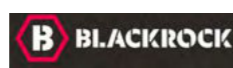

Lloyd & Jones is dedicated to safeguarding workplace safety by providing a comprehensive range of high-quality Personal Protective Equipment (PPE). We support the diverse safety needs of clients across high-risk industries like oil & gas, petrochemical, construction, and nuclear.

Our full spectrum of PPE solutions includes protective clothing, headgear, eye wear, hearing protection, respiratory, and hand protection. All products are sourced from trusted manufacturers to ensure compliance with the latest safety standards.

Our in-depth industry expertise allows us to guide clients in selecting PPE that meets their unique operational demands. With a focus on quality, reliability, and value, we offer durable, certified protection solutions.

Prompt, reliable delivery is ensured through our strategic stocking capabilities and nationwide network of technical sales engineers, minimizing potential safety disruptions on-site.

By choosing Lloyd & Jones, you gain a dependable supply chain partner dedicated to helping you maintain a safe, compliant, and productive work environment.

As a Registered Safety Supplier under the British Safety Industry Federation (BSiF) Scheme, Lloyd & Jones has demonstrated our commitment to upholding the highest standards of quality and safety.

What is the Registered Safety Supplier Scheme?

The Registered Safety Supplier Scheme (RSSS) is an initiative created by the British Safety Industry Federation (BSiF) to support the UK safety equipment market. Companies that display the RSSS logo have signed a binding declaration that the safety products and services they offer meet the appropriate standards, fully comply with PPE regulations, and are correctly CE marked.

The purpose of the RSSS is to provide assurance to users that only compliant and properly performing safety products are being supplied through a capable, educated, and competent supply chain. The scheme gives BSiF members a recognized way to demonstrate their compliance and due diligence in meeting the obligations of an economic operator under the PPE Regulation (EU) 2016/425.

The RSSS benefits both purchasers and end-users of safety products and PPE by providing assurance that the equipment they buy will perform as it should.

Safety Boots

EN ISO RATING S1P

ESPRO ES01 - CHUKKA

S1P SRC
